Date of Signature and Mail Deposit **Kerry Richard**

Amendment & Response

In response to the non-final Office Action in the above-identified application, mailed July 30, 2002, the Applicants submit this amendment and response.

Please amend the above-identified application as follows:

In the specification:

Clean Version of Amended Paragraph of Specification

On page 28, please replace the first full paragraph with the following paragraph:

Furthermore, the methods of combinatorial chemistry are being brought to bear, e.g., by G.L. Verdine at Harvard University, on the development of new peptidomimetics. For example, one embodiment of a so-called "peptide morphing" strategy focuses on the random generation of a library of peptide analogs that comprise a wide range of peptide bond substitutes.
